Connection is at the heart of everything we do.

We created Aero Teardrops out of a desire to build deeper and more meaningful connections - to family, nature, adventure... and our sense of peace and wonder.

We handcraft every trailer customized to you and your needs, giving you the time and freedom to make meaningful memories that last a lifetime.

Guided by quality craftsmanship and camping expertise, we are committed to innovating every step of the way, designing and creating new ways to make every camping experience simple and memorable.

Trailer Models

Whether you purchase a ready-made stock trailer or design a custom one to fit your needs, we look forward to you joining our community!

THE BURNSIDE (5X10')

Starting at \$ 14,599

Also known as the "squaredrop", the Burnside is our newest model. This model is a simpler, more minimalistic version of our Steel teardrops with a lower price.

Highlighted Features:

Double doors with a spacious galley | Cubbies above mattress | Large counter area
Weight: 1500-2100lb

THE STEEL + STEEL HC(5X10')

Starting at \$17,849

The Steel is our flagship model. Our most popular model is the Steel HC ("High Clearance"), an upgraded model of the Steel designed for those seeking "off the beaten path" adventures

Highlighted Features:

Underfloor storage | Under-mounted spare tire (Steel) or option for Side-mounted spare (HC) | Custom mattress 54 x 80 | Wood cabinetry
Weight: 1500-2100lb

THE SELLWOOD (7.5X13')

Starting at \$39,999

With the ability to sleep five adults comfortably year-round, this "canned ham" style retro trailer is a perfect home away from home. The base model hits the ground rolling loaded with standard features, and the upgraded bathroom model starts at \$42,999.

Weight: 2800-3500lb
